- Language modifications were made to the administrative rules draft, as discussed during the 4/23/04 board meeting. The changes were reviewed by the board and accepted as written.
- Legal counsel for the SOCB requested an opinion from the Attorney General's office regarding the use of post-conviction presentence sexual history polygraph.
 - There is a staffing transition in the AG's office, and we haven't received a response.
- Language will be drafted requiring offenders to sign statements when they decline to participate in polygraph or physiological measures used for psychosexual evaluations. The signed statements should be appended to the evaluation reports.
- The board has received a copy of the sexual history disclosure questionnaire being utilized by the states of Wisconsin and Texas. Consideration will be given to incorporating the questionnaire (incorporation by reference) into the proposed administrative rules.
